

Playmakers delight festival audience

A MIXED bag of 12 performers delighted the audience as part of the Perth International Arts Festival's Playmakers event on Saturday night at the Residency Museum.

The instrument makers and players, who mixed and merged in a jamboree of craft and musicmaking for three days, showed why they are considered among the best musicians in the world at the unrehearsed concert.

The ukelele was the featured instrument during Playmakers, and Hawaiian Doug Tolentino's playing style, smooth falsetto vocals and passionate performance proved a crowd favourite. On Sunday he delighted the workshop audience, playing with a ukelele troupe from Flinders Park Primary School.
