

Paperartzi explores all the possibilities

ALBANY Mayor Milton Evans received a new mayoral chain last Saturday to celebrate the launch of Paperartzi 2009.

The chain, made of paper tags, was presented at the launch in the Perth International Arts Festival marquee in York Street.

The tags, featuring art by adults and children, were the main feature of the event. Hundreds were strung up and allowed to swing in the wind.

The aim of Paperartzi 09 is to explore the infinite possibilities of paper with exhibitions at the Vancouver Art Centre and various shop windows in York Street until March 15.
