## BEST PIECE OF ARTS IN TOWN

Renowned sound artist **Janet Cardiff**'s latest-work ***The Forty Part Motet*** is an amazing experiencing, seamlessly blending art forms to bring history and the present together with beguiling simplicity. In a room where 40 individual speakers stand like sentinels on the circumference, visitors are transfixed by the experience offered through the rich crafting of sound and space, as she re-works the music and voice of Renaissance master Thomas Tallis. Critically acclaimed around the world, ***The Forty Part Motet*** is an experience of rare intensity not to be missed. See for yourself as the installation is showcased as part of the Perth International Arts Festival in the John Curtin Gallery from Thursday 13 February until Friday 3 April.
